About Town

And Country
By TIMOTHY T.

IN DAYS GONE BY: Raymond Ledbetter brought in the other day a May 12, 1965, issue of the Philadelphia Press. There was nothing of real local interest, but some things of general interest in this periodical.

Looking around, I saw these items:

The proprietors of the Fifth street railroad in St. Louis, by means of a tin box, in which a check is deposited for every dime received by the conductors, have been enabled to increase the receipts of the road from sixty to eighty dollars per day.

The first man killed in this war (Civil War) was Daniel Howe of New York, at Fort Sumpter, in 1861, by the premature discharge of a gun.

Empty whisky barrels, that have been stamped by the government, sell at \$5 each at Chicago. They are refilled with whisky which has paid no duty, and in that way the government is cheated out of the \$2 tax per gallon. It costs 40 cents a gallon to make it.

From Springfield, Ill.: "Last evening, it being the first Sabbath since the remains of President Lincoln were laid at rest in Oak Ridge, a large number of our citizens visited the cemetery, who were unable to accompany the procession thither on Thursday last."

"Along the streets and road leading to the tomb there was a constant passage of pedestrians vehicles during the entire afternoon, such a concourse as we have never seen visit the grounds on a Sabbath before, and such was manifested to the most thoughtless beholder the fact that a new shrine had been erected there and one to which every stranger passing through Springfield hereafter will be induced to wander."

The reader may be interested in knowing that the Prince of Wales visits the theatre, or some concert room, almost every night. Whether he seeks popularity in this way, or really enjoys the performances, may be doubtful, but he generally remains to the end of the performance.

Chicago Officials Attack Lawless Slur on City by Grace Kelly's Father

CHICAGO (U.P.)—A reported slur on Chicago from father-of-the-bridal John Kelly had Chicago officials seething today.

Kelly, a Philadelphia businessman, was reported to have commented "this may be a mob from Chicago" when told of the second jewel robbery among guests in the wedding of his movie actress daughter in Monaco.

"If the wedding had been held in Chicago, more members of the party would have been robbed,"

See Little Area Crop Damage by Frost Tonight

SPRINGFIELD (U.P.)—Frost forecast for parts of Illinois probably won't do too much harm to the state's crops unless it stays below freezing for several days, agricultural experts said today.

The Weather Bureau forecast "scattered frost" over the state tonight with an expected low of 27.

Southern Illinois fruit growers, who lost much of their peach and apple crops last year because of an early warm period followed by unseasonable cold weather, don't have to worry too much about frost at this point.

Joseph A. Ewing, chief agricultural statistician for the State Federal Crop Reporting Service here, said light frost probably would do little harm to southern Illinois fruit crops.

He said the peach crop has passed bloom stage, with tiny fruit forming on the trees, and the apple trees are in full bloom.

Ewing said several days of below freezing weather would be necessary to do severe damage. He said frost would not hurt the winter and spring grains, and other crops are not far enough along yet to be affected.

Some early garden crops may suffer from the frost, but no serious damage is expected, Ewing said.

Four Children Admit Break-Ins In Eldorado

Admissions by four young children have solved a number of Eldorado break-ins, Sheriff William T. Barrett said today.

Three are brothers, 11, 9 and 6 years old. The other boy is 11. They were questioned by State's Attorney Robert V. Wilson and county officers yesterday and were returned home. The children and their parents will be taken before County Judge Trafton Dennis later, officers said.

Barrett said that over the past week-end the 9 and 6 year old brothers admitted entering a grocery store in Carmichael addition of Eldorado and the Washington school, taking small amounts of items. The two 11 year old boys admitted entering the Vaught service station, Eldorado Grain Co. and the Trousdale grocery two months ago and the nine-year-old boy confessed he broke into and ransacked the Tom Long property which is furnished but not occupied.

Kelly was quoted as saying, "Law enforcement officials here snapped that it appears Monaco is a much more lawless place than Chicago."

State's Atty. John Gutknecht said "you can tell Grace's father that he is going to find that one of the best places to be robbed is Monaco."

Both Gutknecht and Virgil Peterson, director of the Chicago Crime Commission, pointed out that gambling is wide-open in Monaco, while Chicago keeps it under wraps.

"A lot of the robbery we don't allow, they make legal," Gutknecht said.

Peterson said "We have nothing in Chicago like the big casinos in Monaco, which naturally attracts a certain element likely to commit robberies."

Police Commissioner Timothy O'Connor commented "I don't think Mr. Kelly knows very much about Chicago."

Mrs. Paul Hays is Elected State President of Illinois Baptist WMU

At the annual meeting of the Woman's Missionary Union of Illinois at Winstanley Baptist church, East St. Louis, this month, Mrs. Paul Hays, 1026 South Main street, Harrisburg, was elected state W. M. U. president to serve for a term of four years. In her capacity of state president she will be a member of the Southwide Executive committee, and will attend the meeting of the committee in Kansas City, Mo., on May 25, immediately prior to the meeting of the Southern Baptist convention in that city.

In 1957 the Southern Baptist convention with its auxiliary, Southwide W. M. U., will meet in Chicago. For this southwide meeting Mrs. Hays, together with members of Illinois W. M. U., will serve as hostess.

Other officers of Illinois Woman's Missionary Union serving with Mrs. Hays will be Mrs. Carl Newland, Granite City, vice president; Mrs. Wheeler Thompson, Carbondale, secretary; Mrs. LaVern Coffey, Carbondale, associate secretary; Mrs. Raymond Frankes, Carbondale, Community Missions chairman; Mrs. Goebel Patton, West Frankfort, Stewardship chairman; Mrs. Maude Hathaway, Cairo, Prayer chairman; Mrs. W. C. Dobbs, Effingham, Mission Study chairman. Also serving with Mrs. Hays will be the presidents of W. M. U.'s of the twenty-nine Baptist associations in Illinois. Mrs. Hays is the immediate past president of Saline association.

Speakers during the meeting at East St. Louis included missionaries from Nigeria, Chile, Argentina and Japan; the superintendent of the Baptist Good Will Center in East St. Louis, and Dr. Noel Taylor, state executive secretary. Dr. Taylor told of the growth of Southern Baptist work in Illinois, stating that during the past year new Baptist churches were organized in the state at the rate of more than one church per week.

All in County Asked to Donate Blood April 19

The bloodmobile will be in Saline county on April 19 at the Carrier Mills Masonic temple. Donors may come in any time between 11 a. m. and 5 p. m.

Guy Hunter, Red Cross Blood chairman, stated 175 pints of blood are needed on this visit and everyone in the county is asked to go to Carrier Mills and be a blood donor if in the age group of 18 through 59 years. The bloodmobile will not be back in Saline county until June 27-28.

Since July 1, 1955, 20 Saline county residents have received blood through Red Cross in hospitals located outside Saline county. The number of pints used by these patients is not available. The chapter as this blood is sent direct from the St. Louis Regional Blood Center to the hospital. From July 1, 1955, through March 31, 1956, the four hospitals in Saline county have used 542 pints. All of this blood was given by donors to the Red Cross Blood program and was received by the patients at no charge for the product. Only 381 pints of blood were donated in Saline County during the period.

It takes 400 pints of blood a year to provide the blood needed for the residents of a county the size of Saline. There should be at least one donor from each family every year to meet the quota and provide the blood used in the county. As it is now, the same people are giving repeatedly every time the bloodmobile is in the county and they can not provide all the blood needed as they are limited to giving five times a year.

This program requires the help of every able-bodied person in the county. Patients receiving blood and their families should assume a moral obligation to support this program as they know more than anyone else the value of blood when it is needed. It is also a great help from a financial standpoint to the patients and their families.

Be a part of the Red Cross community blood program.

Chances Against War in Middle East, Dulles Says

GOP Leaders Assure Ike Veto Will Be Upheld

Predict Congress
Will Approve Soil
Bank Bill if On Floor

WASHINGTON (U.P.)—Republican legislative leaders assured President Eisenhower today that Congress will uphold his veto on the farm bill.

They also predicted at a White House strategy conference that Congress will overwhelmingly approve Mr. Eisenhower's request for a straight "soil bank" bill—provided the Democratic leadership lists such a bill come to the floor for a vote.

Democrats meanwhile conceded privately that they cannot muster the necessary two-thirds vote to override the farm bill veto on a showdown scheduled for Wednesday.

But Democratic congressional leaders had not yet decided what stand they will take on Mr. Eisenhower's bid for a new bill which would simply authorize the \$1,200,000,000 "soil bank" program of taking croplands out of cultivation.

Mr. Eisenhower added a surprise new feature to the soil bank plan in a nationwide radio-TV address Monday night. He proposed that the bill include provision for the government to start making payments of up to 50 per cent to participating farmers as early as July 1.

Such advance payments to farmers for signing contracts to reduce next year's planting could pump about \$500 million dollars into the agricultural economy during this crop year, he said. This was obviously designed to offset Democratic charges that the soil bank plan is a long-range measure that offers little immediate help to hard pressed farmers.

GOP House and Senate leaders met with Mr. Eisenhower today for an hour-long private huddle on the political and legislative problems raised by the farm bill veto.

House Republican Leader Joseph W. Martin Jr. (Mass.) told reporters after the meeting that he is sure the House will uphold the veto and "we may get a majority for the President's position." Any vote larger than one third is sufficient to uphold a veto.

Johnson Canvass Gives McCormick Gain in Votes

The canvass of the Johnson county vote, home county of C. L. McCormick, gave McCormick a gain of 64½ votes over Dale Sullivan of Harrisburg in their race for state representative.

Unofficial figures had given McCormick 4,940 votes in Johnson county to 828 for Sullivan but the canvassed vote, finished yesterday, put the count at 5,019½ for McCormick and 843 for Sullivan. Sullivan still clung to a small lead in unofficial district totals.

Counted by the canvassing board at Vienna yesterday were 28 of the 32 Republican ballots which had been challenged and thrown out in Simpson precinct. Reports from watchers were that each was a single-shot (three votes) for McCormick.

Reports also said that more than 25 per cent of the Johnson county Republican vote was by absentee voting. More than 600 of the 2,380 total was absentee, it was stated.

Meanwhile, the canvass of the Saline county vote was not completed. Neither was the canvass in Williamson county.

Unofficial canvassed votes (they were not certified by the canvassing board) were given yesterday for Saline county but they will not be official until the board certifies them.

The Johnson county canvassed vote for all GOP candidates for the contest at the Rude Motor company several weeks ago. Yesterday he said "I had forgotten all about it. Then a couple of days ago I received a letter from the Plymouth company stating I was one of the sweepstakes winners. Boy, I sure am happy!"

American Farm Bureau Federation Supports Veto by President Eisenhower

By United Press

The powerful American Farm Bureau Federation backed President Eisenhower's farm bill veto today. But other cornbelt farm leaders said it will cost the Republicans votes.

The national farmers organization, forerunners in the fight for 100 per cent of parity price supports, said the veto "will bring disillusionment to the entire farm belt at a time when some hopes had been held forth."

The National Grange was already on record in favor of the vetoed bill and a North Dakota leader of the National Farmers Union, Glenn Talbot, predicted the veto "will lead to a drastic political revolution against the GOP."

Governors Praise President

Many Midwest Republican governors, such as Indiana's George Craig, praised Mr. Eisenhower for vetoing the bill. But in Iowa, where most GOP leaders backed the bill, some Republican leaders said they

were sorry over the President's decision.

The Farm Bureau, representing 1,622,000 farmers, said the veto was based "on sound economic principles." It called for swift enactment of a new farm bill containing "a sound soil bank plan free of counteracting production-stimulating provisions."

"Farmers recognize and resent obvious legislation a political football," the AFBF statement said. The National Live Stock Producers Assn. representing about 500,000 ranchmen and farmers, joined in praising the President. It said he had taken a "courageous stand."

Iowa Holds Back

The Farm Bureau's statement was specifically echoed by the organization's Illinois and California branches. But in Iowa the state farm bureau held back, even though it recognized President Eisenhower had an "extremely difficult decision to make."

Naval Salutes for Prince, Grace; Festivities Marred by Thefts

MONACO (U.P.)—Visiting warships, small ones to fit Monaco's tiny harbor, thundered 21-gun salutes today to Prince Rainier and to Grace Kelly.

The international naval salute launched Monaco's non-stop wedding pageant that works up during the day to all-night dancing in the streets.

A series of jewel robberies that sent Rainier's police on a cops and robbers chase along the suddenly swept Riviera lent some embarrassment to the pre-nuptial doings. Rainier called in New York detective Frank Cresci, his personal wedding guest, and four French inspectors to halt the thieves who stole \$60,000 in jewels from two guests and perpetrated two other minor incidents.

Latest Jewel Victim

The latest jewel victim was Mrs. Maree Pamp, a wealthy Philadelphia socialite who is one of Grace's bridesmaids. Thieves took from \$5,000 to \$10,000 in gems from her suite in the wealth-weighted Hotel de Paris.

To Rainier's chagrin, wedding guest Matthew McCloskey lost some \$45,000 to \$50,000 from the same hotel Friday night. McCloskey is publisher of the Philadelphia News and treasurer of the Democratic National Committee.

McCloskey disclosed today one other incident had occurred at the Hotel de Paris and another at the nearby Hotel Hermitage on Friday—the same day he was robbed. But he said the losses in both cases were believed negligible.

One of the cases was thought to

be a \$10 theft from the purse of a French nurse staying at the Hotel de Paris. She surprised a prowler in her room and was able to give his description to police.

The course of love still ran smoothly but surely toward Miss Kelly's civil wedding to Rainier Wednesday despite the background of high society crime.

Warships began casing into Monaco's tiny harbor at dawn to begin the official wedding festivities. The U. S. destroyer Heerman, the French destroyer Kersaint and the British destroyer Dalmryne anchored first. The Italian destroyer Airore was the last to arrive along the ships and the sleek yachts.

Startled Monegasques peered anxiously to see as back from Rainier's palace battlements his own cannons boomed their answer.

It was a non-stop program from now till the civil wedding at 11 a. m. tomorrow (4 a. m. CST).

Joe Gatwis Rites Wednesday 2 p. m.

The funeral of Joe Gatwis, Wilmoth addition retired miner who died in the Harrisburg hospital yesterday at 10:30 a. m., will be Wednesday at 2 p. m. at North Williford Baptist church. Rev. J. W. Duke, pastor, will conduct the service and interment will be in Sunset Garden cemetery.

The body was taken from the Gibbons funeral home to the home of a son-in-law and daughter, Mr. and Mrs. Seorn Jarrells, 209 South McKinley, to lie in state.

HARRISBURG MAN WINS \$500 in Plymouth's Lucky Motor Number Sweepstakes. Monday Richard W. Rumsey, left, was presented with \$500 check by Tommy Johns, representing B. W. Rude Motor company, Harrisburg Plymouth dealer. Mr. Rumsey, who operates the Standard Service station at the intersection of Routes 45 and 13, registered for the contest at the Rude Motor company several weeks ago. Yesterday he said "I had forgotten all about it. Then a couple of days ago I received a letter from the Plymouth company stating I was one of the sweepstakes winners. Boy, I sure am happy!" Says U. S. Will Welcome Sincere Offer by Russia

U. S. Takes Steps to
Strengthen But Not
Join Baghdad Pact

WASHINGTON (U.P.)—Secretary of State John Foster Dulles said today he believes chances are against war breaking out in the Middle East.

Dulles said war can be avoided in the tense Middle East area. But he added it would be rash indeed to say there is no risk of war there.

Dulles also told a news conference the United States will welcome any sincere offer by Russia to help bring about peace in the area through the United Nations. He made the statement when asked about a Soviet Foreign Ministry announcement that the Soviet Union is ready to "assist" in settling the Arab-Israeli dispute.

Dulles also made these other points at his news conference:

German Reunification: He does not understand that West Germany is planning to negotiate with Russia for unification. The West German foreign minister was reported last week to have said his government planned a direct approach to the Soviet Union on German reunification. Dulles said he did not interpret the West German official's remarks as an intention of carrying on negotiations with Russia.

Egyptian Arms: The United States has heard some reports that Egypt is preparing to buy submarines from the Soviet bloc. But the United States does not know whether these reports are true.

Long Term Foreign Aid: The administration is working actively on efforts to get congressional approval of the long-term foreign aid. President Eisenhower probably will discuss the problem in his foreign policy address Saturday night.

Meanwhile, the United States is taking new steps to strengthen the Baghdad Pact without joining it.

Administration officials said today the United States does not plan to formally join the five-nation alliance despite new demands that it do so. But they said this government will provide new moral support for the alliance and will give sympathetic consideration to large-scale economic aid on a regional basis to pact members. It previously has granted aid to member nations individually.

Secretary of State John Foster Dulles and President Eisenhower came under attack from three House Democrats Monday. They called for immediate U. S. military aid to Israel in speeches marking the eighth anniversary of Israeli independence.

Rep. Emanuel Celler (D-N.Y.) told the House that if President Eisenhower "played a little less bold and paid more attention to the serious duties of his office" it might mean that "Israel would get these arms."

Rep. James Roosevelt (D-Calif.) said it was "dense and stupid" not to grant Israel's request for \$50 million worth of U. S. arms when the Arab nations are getting arms from the Communists. Rep. Charles A. Boyle (D-Ill.) also called for granting the arms request.

Local Union 896 of the Retail Clerks International association last night endorsed the proposed tax rate increase for educational purposes at Harrisburg Township high school.

The school district will vote on the proposal from 12 noon until 7 p. m. Friday at the high school.

Present at one of the meetings to explain the issue were Principal Eltis F. Henson and Dr. W. D. Tuttle, board member.

Refreshing Outlook

Editorial By Kenneth O. Gilmore
From pushing dam projects thru Congress to passing foreign aid appropriations, there seems to be one stand-by argument that never fails. We must do this or that to keep ahead of the Russians, the old saw goes.

Now in most cases such reasoning is valid. All the same it's like a breath of fresh air to hear someone declare that we ought to extend our perspective beyond that goal.

Discussing the need for more scientists and engineers, Dr. George Manov of the Atomic Energy Commission acknowledges the urgency of meeting the Soviet challenge to our leadership.

But he goes a step further. It should not be the Soviets who are responsible for the educational policies we establish in the future, says Manov, who is technical assistant to Atomic Energy Commissioner Willard F. Libby.

"It should be clearly recognized that even if the tensions of the cold war were to cease and if peace were to break out today," this country would need even more scientists and engineers than under a wartime economy," he told students at Phillips Academy. "The need for scientists should not be a function of the temperature of Soviet fever."

This kind of thinking is to be commended. Certainly a stronger America means a stronger bulwark against communism. But our purpose must not be confined just to beating out Russia. Our standards must reach far beyond that.

Lifetime of Service

Another soldier of World War II fame is about to retire. But like his colleagues, Gen. Dwight D. Eisenhower and Gen. George Marshall, this man extended his talents beyond military matters.

He's Gen. J. Lawton Collins, better known as "Lightning Joe" among his troops. It was his 7th Corps that captured Cherbourg shortly after the Normandy invasion in 1944 and then rolled across France.

After the war he became Chief of Staff of the Army from 1949 to 1955. The day after he cleaned up his desk at the Pentagon, President Eisenhower appointed him U. S. representative to the Military Committee and Standing Group of the North Atlantic Treaty Organization.

Next he was sent with the rank of ambassador as a special representative to Viet Nam, one of the world's trouble spots. Later he returned to his NATO job in Paris.

When the 3rd Infantry Regiment marches in honor of Gen. Collins at Ft. McNair, the Army will lose another fine leader. The country owes him thanks for his broad service.

Goodby, Dear Roger

The famous Able-Baker-Charlie alphabet used by pilots has officially been ditched. In its place is a drastically changed version now being used on land, sea and in the air for international communications.

Language experts have been working for years on the new phonetic alphabet which they say will make it much easier for everybody to understand everybody else.

This is progress and we approve. But as ordinary, everyday talkers, it's a little hard to see much difference between the old and new words.

All the same, you had better enunciate clearly when whispering to your sweetheart. Now instead of Love for L, it's Lima. They've thrown out William and substituted Whiskey. George has gone to Golf, Baker to Bravo, Yoke to Yankee, Pete to Papa, Roger to Romeo and Jig to Juliet.

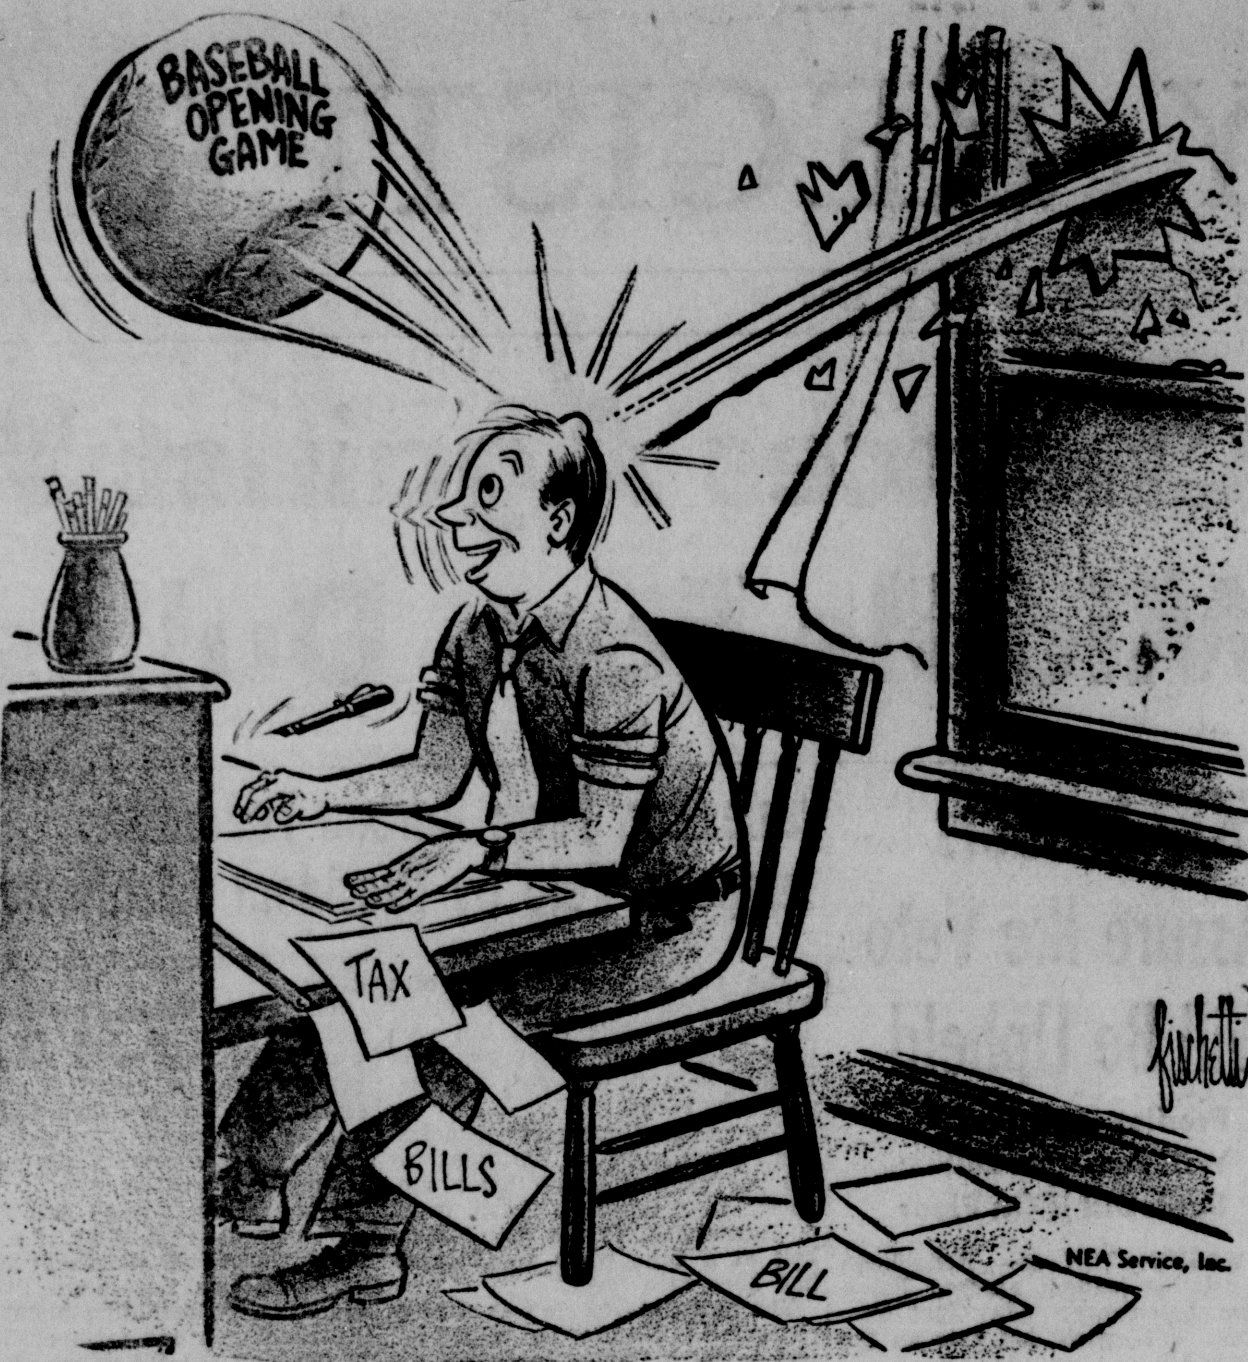

It's especially a shame to see Roger ruled out. Can you imagine pilots reporting to their control towers, "Romeo and out."

To Attend Governor's Conference on Youth

Harold L. Finnie, Eldorado, Youth Commission representative for Saline, White and Wabash counties, will attend the 25th annual Governor's Conference on Youth and Community service, April 19 and 20 at the Hotel Sherman in Chicago. Approximately 1,000 persons from all parts of Illinois are expected to attend.

The Governor's conference, believed to be the oldest continuous statewide meeting of its kind in the country, is given by the Division of Community Services of the Illinois State Commission. Co-sponsors are the Big Brotherhood and Sisters Association of Illinois and the Illinois Federation of Community committees.

Doesn't Hurt a Bit

Hoover Warns Legalistic Socialists Are Greater Threat to Democracies

DALLAS, Tex. (AP)—Former President Herbert Hoover warned the Western Hemisphere Monday night that legalistic socialists—not Communists—pose the greatest Marx-

ian danger to American democracies.

In an address before the Inter-American Bar Assn. convention, Mr. Hoover charged that socialists already have delivered eight European nations to Moscow while protesting "their dislike for the Communists." He said they are hard at work on a similar betrayal here.

The 81-year-old former chief executive defined legalistic socialists as followers of Karl Marx who proclaim their difference from Communists by declaring "they would attain their ends by making use of the legal processes of our free institutions."

"Instead of frank advocates, our socialists have developed new and disguised cults in many of our Western Hemisphere countries," he said. "These new cults prowl around under many fronts . . . and into our long-accepted phrases and proclaim their sole ownership of human progress."

Mr. Hoover said this new brand of socialists has assumed the titles of "liberals" and "progressives" who advocate "real democracy and public welfare." He said he did not believe one in fifty of the members of the groups captured by the new socialists "detects the disguise of Karl Marx."

BIBLE THOUGHT FOR TODAY

They shall bring forth fruit in old age.—Ps. 92:14.

One of the most frightful wastes in our civilization comes through the compulsory retirement of old people who sometimes have the ripest wisdom. We should honor experience and wisdom. Youth is brash and venturesome and must learn the hard way.

Thinking It Over

By Robert Dieffenbacher, D.D. Written for NEA Service

Juke boxes always contain music which is popular and which people want. Any selection which is seldom played is replaced with a more acceptable recording.

Many juke-box operators throughout the nation have put Gospel songs and music with a strong religious emphasis into their playing machines. These songs are being played over and over again and it must have come as a shock to some operators to find this music would be so popular.

We must face the fact that young people as well as folk of all ages want to think about God in their moments of relaxation and during their working hours, as well as on Sunday and at church services.

America is looking for answers to questions in our minds about confusion of thought and worldwide social degeneration. We are concerned about our responsibilities to others. We don't want the people of the world to commit suicide while trying to defend our freedom against slavery.

We are finding the answers to these questions in our studies and considerations of religious teachings. We are discovering that mass thinking is less effective than individual religious experience.

Our religious thinking is going on round the clock. The humming of religious music or popular music with an emphasis on God is helping to raise the hopes of people. "Yes, God," we pray. "Do bless America."

Socialite Robbed Of \$25,000 Loot By Four Gunmen

EVANSTON, Ill. (UP) — Four masked gunmen pounced on a socialite widow and a private detective in her home Monday night and robbed her of jewelry and other loot valued at \$25,000.

Mrs. Marguerite Ortman said the thieves were waiting when she and the detective, Daniel A. Burns, returned to her 14-room home in this Chicago suburb.

They threw her on her bed and taped her ankles, she said. Burns said the bandits taped his legs, arms and eyes.

Burns and an associate were recently indicted on conspiracy and shakedown charges. Police held him for questioning.

Mrs. Ortman, a clubwoman and widow of a management engineering firm official, said Burns had been doing some work for her.

Mother Holding Twin Infants is Slain; Husband is Held

COLUMBUS, Ind. (UP) — A shotgun blast killed Mrs. Dorothy Jones, 33, as she held her twin babies in her arms Monday night. The infants fell to the floor as she collapsed, and one was injured critically.

The shooting occurred in Mrs. Jones' home while her 10-year-old son James stood nearby. Police said Jones had threatened in a letter to a sailor son that he would kill Mrs. Jones and himself, a threat Mrs. Jones refused to take seriously.

DAR Steers Clear Of Explosive

Segregation Issue

WASHINGTON (UP)—The Daughters of the American Revolution today backed away from southern members' requests for a resolution opposing the Supreme Court's desegregation ruling.

Mrs. T. B. Throckmorton of Des

Plains, Iowa, chairman of the resolutions committee, announced the committee unanimously decided the explosive issue is "not DAR business."

"After our experience with Marian Anderson, the committee decided to steer clear of the issue," she said.

The DAR became the center of a national furor in 1945 when it refused to rent Constitution Hall for an Easter Sunday concert by the Negro singer. She sang from the steps of the Lincoln Memorial.

The Angry Hills

By Leon M. Uris

© 1955 by Leon M. Uris. Used by arrangement with Random House, Inc. Distributed by NEA.

THE STORY: Mike Morrison, an American, has been caught by the German invasion of Greece in 1941. Innocently he agreed to deliver a list of names to London. Actually it was a coded list of Underground leaders and the Germans will stop at nothing to get the list. Mike memorized the list, but his escape is cut off and he is in a British uniform, waiting to be rounded up as a prisoner of war.

XI
A lone German soldier edged cautiously down the road onto the beach and stood before thousands of his enemy. The British stared curiously at the foe they saw face to face for the first time.

"The names," Soutar whispered, "tell them to me."

Mike smiled. "Not on your sweet life."

"No time for that," Soutar said. "I just figure you'll work a little harder at keeping me alive and getting out of Greece, Mr. Soutar."

"You do learn fast," Soutar sighed. "We'll argue about it later."

The German soldier barked an order in a half-frightened tone. The humiliated, embittered men of the late British Expeditionary Force fell into formations, grumbling.

Soutar's all-knowing attitude did much to calm Mike.

"With any luck at all we won't be shaken down again till we reach Corinth. Drop your passport and any identifications first chance you get."

"What happens after we get to Corinth?"

"We're not going to Corinth, mon. We're going to jump the prison train."

The line began to move out toward Kalamai. German troops appeared, bayonets fixed, and fell in on both sides of the British prisoners of war.

"Stay close to me," Soutar whispered.

pered. "If we get separated you are to contact Dr. Harry Thackeray at the American Archaeology Society in Athens."

"Dr. Thackeray — American Archaeology Society," Mike repeated. Soutar shoved a hefty roll of drachmas into Mike's pocket.

Crowds of Greeks gathered around the depot and waited. The guards stretched out in an angry line to keep them separated from the prisoners.

A little girl pushed past the guards and walked toward Mike and Soutar's group. She held a loaf of bread in her hands. A guard curtly ordered her to stop. The British yelled for the child to go back. She kept coming — the bread outstretched for the hungry soldiers. Another order to halt.

She moved on. The guard lowered his rifle.

Soutar grabbed Mike's arms to control him. "Turn your head—don't look."

Mike flinched as the shot echoed through the depot. British soldiers in screaming anger broke for the guard. Bayonets and clubs smashed them back into line. The loaf of bread rolled to a stop at Mike's feet. Soutar picked it up. "The least we can do—eat it," he said.

The door to a cattle car was flung open.

"Quickly," Soutar whispered. "Jump in the car first. Get up to the left front side. There's a small opening near the top." He nearly threw Mike into the car. In a second a flood of men poured in after them.

Southern Greece is hot. Especially so from the inside of a cattle car. There was a stink of cattle, soon combined with a stink of sweat. An outbreak of vomiting started. It was impossible to move more than a hand or a foot.

After an hour men began passing out. But they remained standing unconscious—there was no place to fall.

In the next hour Mike buckled over a half dozen times. Soutar rubbed his temples and the back of his neck. When he blacked out Soutar slapped him back to consciousness. Now, nearly half the men were unconscious.

Soutar and Morrison alternated in keeping one another alive. There were two dead men in the car now. Darkness finally came. By now Mike would have jumped off a rocket to the moon.

"We go now," Soutar gasped. "Suppose—suppose they stop the train?" Mike croaked.

"They won't risk it for one or two strays. If they stop they'll have a mass outbreak, and they know it."

Mike lifted Soutar to his shoulders. Soutar smashed the butt of his pistol into the screen. It ripped away.

"You go first—double back down the track for me. Allow a good two or three minutes for the train to pass."

Mike nodded.

"Give us a hand, lads, we're going to break for it."

Several pairs of hands were on Mike, lifting him. Mike caught hold of the top beam of the car. The cool rush of night air was like a tonic. Mike's head cleared. He clung to the outside of the car, hoping the train would slow for a curve. But his grip gave way and he was hurled into space.

The ground came up and hit him with horrifying force. He bounced and rolled over a dozen times. Mike lay still for a few moments and then scrambled down the rail bed.

He looked down the line. He heard the crack of a rifle report. Mike didn't move until the sound of the wheels died and all he could hear was his thumping heart and muted breath.

Crouching, he scooped up to the tracks. He moved down the rail as if walking on a cloud. He felt good—real good.

Soutar lay face down. Mike knelt beside him and turned him over. He was dead.

Cold Follows in Wake of Storm

By United Press

A trans-continental cold snap moved in on the heels of a massive storm and the worst tornado of the year today.

Weather predictions were almost universally dreary for the opening of the baseball season.

Fans blew on their knuckles in nippy weather and possible showers were forecast for seven of the eight cities where major league teams opened their season.

The U. S. Weather Bureau warned in a special release that the unseasonable cold poses a major danger to agriculture. It issued frost warnings for tonight for southern and central Illinois, southern Indiana, Kentucky, northern and eastern Tennessee, inland portions of North Carolina, eastern Kansas, and Missouri.

The cold is a sequel to a giant storm system which raced through the South, touching off a tornado which killed 24 persons and injured more than 100 in five towns around Birmingham, Ala.

The Alabama twister Sunday

night was the worst of the year. A chain of twisters killed 46 persons across the nation two weeks ago, but the worst of these tornadoes killed only 17 persons.

The storm system lumbered east Monday, crossing parts of Tennessee, Georgia and South Carolina.

Devastating winds and heavy hail whipped parts of Delaware and Pennsylvania. A wind storm with gusts up to 85 miles per hour ripped Willow Grove, Pa., and the U. S. Weather Bureau reported one person was killed and five more were injured when a building partially collapsed.

The big storm took its high winds out to sea, leaving much of the nation shivering.

Last-Minute Player Deals in Major Leagues

By United Press
Two player deals by the Kansas City Athletics marked a last-minute flurry of front-office activity as the major league teams opened the baseball season today.

The surprising A's picked up two key players—center fielder Johnny Groth from the Washington Senators for the \$10,000 waiver price, and catcher Charley Thompson from the Brooklyn Dodgers for two players and an undisclosed amount of cash.

The A's gave the Dodgers outfielder Tom Saffell and pitcher Roy Wheat. Saffell, 32-year-old former Pittsburgh Pirate, was dispatched at once to Portland of the Pacific Coast League. Wheat, 26-year-old righthander who had a 5-7 mark at Columbus last year, was transferred to St. Paul of the American Association.

The A's also optioned catcher Wilmer Shantz to Columbus, thus breaking up at least temporarily the "brother" battery he had formed with little pitcher Bobby Shantz.

In other player moves:
The White Sox signed southpaw Howie Pollet, the one-time Cardinal star who was released by the Cubs after last season. The Sox also released catcher Carl Sawatski to Toronto of the International League.

The Cincinnati Redlegs released 30-year-old righthander Clarence (Bud) Podbielniak outright to Seattle of the Pacific Coast League.

The Milwaukee Braves assigned pitcher Charlie Gorin to Wichita of the American Association.

The Cardinals surprised by optioning lefty Luis Arroyo to Omaha of the American Association. Also going to Omaha was righthander Barney Schultz.

Eisenhower Leads Quarter Million Fans at Major League Openers

NEW YORK.—The threat of rain practically vanished today as President Eisenhower and a quarter of a million other fans were expected to crowd into major league parks for the official 1956 baseball openers.

The weathermen had said there was a "chance of rain" in seven of the eight cities where big league openers will be held on Tuesday. But today the weather was reported "clear" in Washington, where the President will throw out the first ball, and in four other cities—Brooklyn, New York, Boston and Detroit. The weather was reported cloudy at the three other sites—Chicago, Milwaukee and Cincinnati.

Still, a total of 258,000 baseball-starved fans are expected to pass through major league turnstiles today, gorge themselves a little more than they should on popcorn, peanuts and hotdogs and root on their individual heroes for the first time since the 1955 campaign ended last September.

Biggest Crowds Expected

Milwaukee and Detroit are expected the biggest opening day crowds despite the "possible showers" forecast for both cities. Each anticipates a crowd of 45,000, anyway.

The Braves, looking to unseat the Dodgers as National League champs, will send Lew Burdette, who won 13 games and lost eight last season, against Bob Rush, who won 13 games and lost 11 last year for the Chicago Cubs, at Milwaukee's County Stadium.

The Dodgers will open their season at Ebbets Field against the Philadelphia Phillies and 25,000 of the faithful are expected to give the world champions a typically enthusiastic Flatbush sendoff. Roberts, who was 23-14 last season and is shooting for his seventh consecutive 20-game year, will face shuffling Don Newcombe, who had a 20-5 mark in 1955. With Riney at the helm in place of the departed Leo Durocher, the Giants are expected to attract 25,000 to the Polo Grounds for their opener with the Pirates. Southpaw Johnny Antonelli (14-16) is Riney's pitching choice while Bragan named his ace right-hander Bob Friend (14-9).

Mizzell To Hurl

Wilmer (Vinegar Bend) Mizell, fresh out of the Army, will try to get the Cardinals started in the right direction at Cincinnati where Joe Nuxhall (17-12) is slated to hurl for the Redlegs before an expected crowd of 33,000.

Over in the American League, much of the interest will center around the nation's capital where 30,000 fans, including the President, will probably attend the Yankees-Senators inaugural. Big Don Larsen (9-2) is the Yankee's pitching choice and Washington Manager Chuck Dressen is countering with Camilo Pascual (2-12).

The Kansas City Athletics are at Detroit and it'll be right-hand-

Pancho Gonzales Outplays Trabert

1957 Notre Dame Army Game Will Be Played in Philadelphia

NEW YORK.—The lure of an extra \$100,000 in gate receipts was a major factor in the decision to transfer the 1957 Army-Notre Dame football game to Philadelphia.

Army officials pointed out the difference when the announcement was made yesterday that the gridiron clash, first between the two schools since 1946, will be played at Municipal Stadium in Philadelphia. This stadium has a 100,000 capacity, compared with 74,000 at New York's Yankee Stadium.

Salem High School Pitcher Hurls Four Straight No-Hitters

SALEM, Ill. (P)—A Salem high school baseball player has pitched four straight no-hit games this spring.

Jerry Mercer, a husky righthander, scored his latest victory when he beat Olney 13-0 Monday. The senior has pitched all of Salem's games this season. Besides Olney, he has beaten Vandalia 4-0, Lawrenceville 8-0 and Centralia 11-0.

Mercer had 10 strikeouts Monday to bring his season total to 58.

Carrier Mills grade school has been dropped from the Midget conference because of its size, it has been stated by a conference official.

In discussing the action it was pointed out that enrollment of the Carrier Mills grade school is almost 200 greater than the next largest school in the loop.

Members of the Midget conference were Dorrisville, Raleigh, Galatia, Broughton, Muddy and Carrier Mills.

Carrier Mills won all honors in the conference during the past basketball season, winning the regular season championship and also taking the conference tournament title.

Edwin Lewellyn, son of Mr. and Mrs. T. S. Lewellyn, former HTHS student and athlete, has earned a two-year junior varsity basketball award at Blackburn college, Carlinville. Coach Charles A. Gray announced the award at the annual basketball banquet recently.

At Blackburn functional awards are given after the first year letter. Second year awards are sweaters, third year jackets and fourth year, blankets.

Before you make that first fishing trip of the season, give your reel a good going over, advises Redge Purnell, sales manager of the Airex Corp., New York, N. Y., manufacturer of tackle.

He suggests removing the spool so sand, grit and old oil can be cleaned out. This should be followed by application of light machine oil to all visible moving parts, except gears, which should be covered with a thin coating of lightweight grease.

Reels are precision instruments, Purnell emphasizes, and should be treated as such.

One of Hank Sauer's first reactions to his departure from the Cubs to the Cardinals, says The Sporting News, was this: "Now I'll have to buy my own eatin' tobacco." At Wrigley Field, he was showered by fans every day with his favorite tobacco. Sometimes he go so much of it he had to park the bags in the ivy vines on the left field wall.

Walter Johnson, with nine victories in 14 starts, is the greatest of all opening day pitchers, says The Sporting News. The late Washington fireball righthander posted seven shutouts in inaugurals and won his last in 1926 when he blanked the Athletics, 1 to 0, in 15 innings.

The major league baseball season begins today, but professional

football is already talking of its 1956 season.

The Bear News, published by the Chicago Bear football organization, has arrived at The Register sports desk and reveals that the Bears' first home game of the season is Oct. 14, with the San Francisco Forty Niners the visitors.

A recent issue of The Sporting News reveals that John Romonosky's contract has been assigned to Allentown by the St. Louis Cardinals. Allentown is a member of the Class A Eastern League and a farm club of the Cards. Romonosky was with Houston of the Texas League in 1955 and hurried this past winter in the Mexican league.

Spends Honeymoon At DAR Convention

WASHINGTON.—J. Ed Eaves of Albuquerque, N. M., is spending his honeymoon in the company of 4,000 Daughters of the American Revolution.

Two weeks ago, Eaves married Mrs. Harry F. Aspinwall, also from Albuquerque. She has been an active DAR member for 34 years. And she is running for one of the top offices at this year's DAR Continental Congress.

Mrs. Eaves thought the marriage should wait until after this week's congress, but Eaves thought a trip to Washington would be a fine honeymoon.

International League Will Open Its 73rd Season Wednesday

MONTREAL.—The International League, baseball's second oldest, opens its 73rd season Wednesday bubbling over with optimism from all eight cities scattered throughout three countries.

League President Frank Shaughnessy said "The addition of Miami and new ownership groups at Buffalo and Richmond and renewed interest at Columbus make the International League the strongest it's ever been."

The 154-game schedule opens in the four "southern" cities, Havana, Miami, Richmond, and Columbus. The defending league champion Montreal Royals invade Columbus in the only day game, while Toronto is at Richmond, Buffalo is at Miami and Rochester is at Havana.

American Ass'n Officials Express Season Optimism

LOUISVILLE, Ky. (P)—The American Association opened a 154-game season today with everybody connected with the top-flight minor league expressing even more than the normal spring optimism.

League President Ed Doherty, starting his third year in office, said "only three times in history has the American Association topped the two million figure in total attendance, but given anything approximating a close race, I believe we have a real chance

of not only reaching the figure for the fourth time, but also challenging the all-time mark of 2,235,853 set in 1948."

Doherty had several reasons for his optimistic outlook. One was the probability of strong clubs in Denver and Omaha, both of which proved in their first season in the league last year they would draw well.

Second was the debut in AAA baseball of Wichita, Kan., which acquired league membership when the Milwaukee Braves moved their top farm club out of Toledo.

A third reason was the improved situation at Charleston, where the Detroit Tigers have taken over a shoestring independent operation and figure to give the West Virginia fans their first pennant contender. Watt Powell Park in Charleston has been improved and enlarged.

Cadillac

Giving In...To His Practical Side!

We will tell you, in all honesty, that this gentleman was a little dubious when he first walked into the showroom.

There was no question, to be sure, about his wanting a Cadillac.

But, quite frankly, he wondered whether or not he was in a position to purchase a motor car as wonderful as the 1956 Cadillac.

But now he is learning some facts about this distinguished motor car that are removing the doubt from his mind.

First of all, he is learning that a Cadillac is relatively modest in its initial cost.

He is finding out about Cadillac's extraordinary dependability and freedom from repairs.

Cadillac's traditionally wonderful resale value.

And, lastly, he is being told that, at this time of the year, his dealer is able to make Cadillac ownership even more practical than usual.

That's why we suspect that—having given in long ago to his heart—he is now giving in to his practical side. And that's a combination no man can resist!

If you have considered Cadillac the car in your future—but have postponed making the move for reasons of economy—we urge you to stop in soon.

As an experienced Cadillac dealer, we have established a wonderful relationship with fine-car motorists throughout the community. Our reputation for integrity is positive assurance of your satisfaction as a customer.

A GOOD CAR DEAL

OUR DEFINITION of a good car deal is:

1. A Car That Has Been Honestly Priced
2. A Car That Has Been Honestly Serviced
3. A Car That Has Been Honestly Financed

You should at least check these three items before you call it a good car deal.

We do not advertise that we will sell you a car with nothing down and forever to pay . . . we do not offer you something for nothing and we offer no gimmicks, no come-ons. But we do offer you a GOOD car deal. We just ask that you

COMPARE THE NET COST OF OUR DEAL

with the other deals you have been offered.

Now, we are not the oldest and biggest dealer in the world, but we have been selling Dodge cars in Harrisburg since 1915, and if you look around you can see that people DO buy Dodge and Plymouth cars. You will also find a lot of people driving Dodge and Plymouth cars who could well afford to buy higher priced cars if they wanted them.

If you are planning to buy a 1956 model, we believe that you owe it to yourself to come in and investigate the 1956 Dodge and Plymouth. Please feel free to come in and look. We do not use any high pressure methods that would annoy you, and we do promise you a GOOD CAR DEAL.
